

The Lone Star Region Porsche Club Hybrid special buy-in price is \$870.00 and includes Hans or Quick Release post anchors for the helmet.  
Or \$821.50 without any helmet post anchors.  
An \$8.00 FIA sticker will be added to either price listed above.

**SIMPSON**

DRIVEN BY SAFETY

**SIMPSON HYBRID**

# ***The only FHR for use with 3-point harnesses that is also FIA approved***

*Simpson's Commitment to  
High Performance Engineered Products:  
Protecting the most important part  
of the racecar - The Driver.*

MADE IN AMERICA

Our newest partnership with auto manufacturers in Detroit has led to third party FMVSS208 testing of our Hybrid Frontal Head Restraints. The testing demonstrated the FIA Hybrid Head Restraint in conjunction with a Helmet and 3-point harness reduced Neck Tension significantly when compared to a test with only a helmet and 3-point harness. The Hybrid Head Restraint is now the only Frontal Head Restraint proven effective for 3-point harnesses that is also FIA Approved. This discovery allows Driving Instructors, Auto Manufacturing Test Engineers, and other drivers with 3-point harnesses to have added protection.

*We are pleased to offer protection to this sector of the market, however Simpson's top concern is your safety. While on a racetrack for the BEST protection we suggest a Full Containment Cockpit System that includes a Full Containment Seat, Snell rated Helmet, FIA or SFI approved Frontal Head Restraint, and a 7-point seatbelt harness system.*
